MEMORANDUM FOR THE RECORD

SUBJECT: Role of NIOs and KIQs Described for Diplomatic Missions

1. The attached draft has been prepared at the request of INR, as mentioned in CPAD Weekly Activities Report, 25 September 1974. It has been refined by the NIO Staff and Mr. Carver and is now being handed to State INR for clearance within State and transmission to overseas missions.
2. Although the document serves general IC interests in smoothing community interaction, the initiative for it originated in INR. We are suggesting, therefore, that further coordination on clearance be carried out directly between INR and the NIO staff, each being responsible for obtaining any additional concurrence within respective agencies. They concur.
